Request for IPC Targets on Rumania

REF : St/I Office Notice No. 194

Objective II d.

Background

Post-war production of aircraft in Rumania has been limited to small trainer-type aircraft, produced at two small factories. Significant production potential exists, however, at a third plant now given over to overhaul of jet fighters.

Basic Requirements

Identification of aircraft in production; production plans; rate of output; factory markings or international identification of any plane not previously reported; production costs; size of labor force; destination of products; evidence of new production or production change-over, especially at Bacau; changes in plant size or major changes in production flow.

<u>No.</u>	<u>Target</u>	<u>Location</u>
1	<u>Sovromtraktor Plant, Orasul Stalin:</u> IAR - series light aircraft are produced here.	45-40 N, 25-37E.
2	<u>Ifil Raghin, Raghin:</u> RG-Series gliders and light aircraft are produced here.	46-46N - 24-42E.
3	<u>Airframe Plant, Bacau:</u> Believed to be engaged in repair and overhaul of jet fighters. Periodic surveillance is desired for indications of aircraft manufacture.	46-32 N, 26-55E.
